

TECHNICAL SPECIFICATIONS MICECON 2024 BLAZER/JACKET

I. Background:

The Tourism Promotions Board (TPB) MICE Department is spearheading the preparations for the Philippine M.I.C.E. Conference, more popularly known as MICECON. The event will be held on 10-12 July 2024 in Clark Freeport Zone, Pampanga.

First held in 2010, MICECON was an integration of two major Philippine M.I.C.E Programs: 1) the Philippine Incentive Marketing Conference (Phil-Incentive) spearheaded then by the Philippine Convention and Visitors Corporation (as the Tourism Promotions Board was previously known, and 2) the Philippine Asian MICE Forum organized by the Philippine Association of conference/Exhibition Organizers and Suppliers (PACEOS)

Being the largest gathering of meetings, Incentive Travel, Conventions and Exhibitions (M.I.C.E.) professionals in the country, MICECON became a sought-after event as it strengthens all sectors involved in the MICE industry into one cohesive and comprehensive educational program. Over the years, MICECON has become a reliable event for MICE stakeholders which prides itself on having themed/incentivized event components to benchmark on and opportunities for networking with both international and local MICE experts.

OBJECTIVES

This year's edition of MICECON will level up anew as it brings together the brightest minds in the industry to explore the pivotal role of technological innovation and AI hand in hand with diversity and inclusivity.

Working closely with Clark Development Corporation as the host destination of MICECON 2024, the TPB promises a dynamic and diversified conference experience designed to revolutionize future MICE events.

MICECON 2024 is more than just a conference. It is a transformative experience that promises to reshape how we approach and execute MICE events.
