

TECHNICAL SPECIFICATIONS

Printing, Production and Delivery Corporate Social Responsibility (CSR) Dri-fit Shirts for the TPB Employees

I. BACKGROUND

As an effort to support the celebration of the Philippine Environment Month and World Environment Day this June 2024, the Tourism Promotions Board (TPB) through its Corporate Social Responsibility (CSR) Program will conduct a collaborative initiative with the Save Palawan Seas Foundation (SPSF) on 05-07 June 2024. This CSR project will take place in Barangay Casian, encompassing Calabugtong Island, the base of SPSF's operations, and Barangay Batas in Taytay, Palawan and will entail different environmental activities such as marine awareness seminar, coral propagation, mangrove planting, and coastal clean-up. A community assistance through donation of solar lights and educational materials will also be part of this CSR project.

Since TPB conducts CSR activities mostly in open areas such as the beach/ocean and forest, and sometimes remote areas, and with the unpredictable weather conditions in the country, these dri-fit shirts will serve as protection for the volunteers from the very humid weather or during the rainy season and will provide comfort during the activities. Ultimately, the shirts will serve as uniform and identification of the TPB employees as CSR volunteers during the implementation.

In view of the above, the Corporate Planning and Business Development Department (CPBDD) needs a supplier who can print, produce, and deliver the CSR drifit shirts for the TPB employees.

II. OBJECTIVES

- Preserve marine ecosystems in Taytay, Palawan, through active community involvement in conservation efforts.
- Raise awareness about marine conservation issues and empower local communities to participate in conservation endeavors.
- Foster sustainable tourism practices that benefit both the environment and the local economy.
- Enhance community safety and security by providing illumination in critical areas.
- Extend productive hours for economic and social activities, promoting local livelihoods.
- Promote sustainable energy practices and environmental conservation, reducing reliance on fossil fuels.
- To highlight the importance of education through the provision of materials and resources to the students in Taytay, Palawan;
- To give importance to the hard-to-reach communities of the Philippines;
- To immerse with the people and culture of Cuyonon/Cuyonin in Taytay, Palawan;
- To cultivate the culture of giving and volunteerism among TPB personnel; and;

- To comply with GCG Memorandum Circulars 2012-07 and 2015-07 which require GOCCs to include their interaction with communities and other corporate social responsibility activities in their adherence to the Code of Corporate Governance
