

**TECHNICAL SPECIFICATIONS
SUPPLY AND DELIVERY OF COMPUTER MONITORS FOR TPB**

I. BACKGROUND

As part of its mandate to market and promote the Philippines, the Tourism Promotions Board (TPB) carries out various projects, plans, and activities that often require managing multiple tasks simultaneously. Multi-tasking becomes especially challenging when working with a limited screen display, as it forces users to constantly switch between multiple tabs. Effective window management is essential for project officers, as it directly impacts the success of each project. This can be achieved by utilizing two or more monitors to streamline workflows.

This procurement activity is therefore being undertaken to purchase computer monitors to be allocated as replacement for defective units or supplement for end-users that require an additional monitor for multitasking purposes.

II. OBJECTIVES

- To replace defective and unserviceable computer monitors
- To supply end-users with an extended computer monitors for multitasking
- To increase the number of available service units for end-users that may encounter issues with their computer monitors
